

DEENU PRAKASH V

Data Analyst / Business Analytics

deenuprakash100@gmail.com || +91 8074167158 || Marathahalli Bengaluru

PROFESSIONAL SUMMARY

Business Analyst / Data Analyst with 1.9+ years of experience in data analysis, CRM management, reporting, and dashboard development. Skilled in Excel, SQL, Power BI, and Lead Squared, with experience in requirements gathering, KPI reporting, sales analysis, data validation, incentive calculation, and data storytelling. Experienced in analyzing business data to identify trends, performance gaps, and opportunities for process improvement. Strong ability to collaborate with cross-functional teams, translate business needs into analytical solutions, and transform data into actionable insights and data-driven decisions.

WORK EXPERIENCE

Data Analyst | Business Analyst

August 2024 – Present

SIMPLIAXIS

- Analyzed sales, lead, client, and revenue data across 10K+ records to identify business trends, performance gaps, and improvement opportunities.
- Gathered business requirements from sales and management teams and translated them into actionable reports, KPIs, and dashboards.
- Managed CRM data using Salesforce and LeadSquared, ensuring data accuracy, consistency, and completeness.
- Developed Excel and Power BI dashboards to monitor sales performance, lead conversion, revenue, and team productivity, improving dashboard efficiency by 25%.
- Designed KPI reports covering lead volume, conversion rate, revenue, lead source, course performance, sales owner, and country-wise performance.
- Reduced data errors by 15% through data validation, reconciliation, and regular CRM data-quality checks.
- Calculated and validated sales incentives based on performance, revenue, targets, and applicable criteria.
- Prepared weekly and monthly performance reports to support management decision-making.
- Performed data analysis and data storytelling to transform raw business data into meaningful insights and actionable recommendations.
- Identified reporting and data-management issues and recommended process improvements to improve reporting efficiency.
- Collaborated with cross-functional teams to clarify requirements, resolve data discrepancies, and deliver accurate business reports.
- Supported client requirements related to invoice updates, payment requests, account changes, and other operational activities.
- Coordinated with internal teams to review client requests and ensure accurate and timely invoice modifications and issue resolution.
